Dear Maria

LOWFIELD SCHOOL, YORK

We refer to your e-mail of the 6th April 2010 and are pleased to enclose certificates of re-occupation and background air testing, together with waste transfer notes. Also enclosed are tickets showing the removal of general waste from site and the importation of top soil.

Services were isolated prior to starting work with the exception of the water which was not isolated at the commencement of the project, but this was subsequently done so by Steve Owen.

We trust you will have everything you need for your Health & Safety file, but should you require any further information, please let us know.

Kind regards.

Yours sincerely
